For parents who recognize the importance of good manners, our youth etiquette programs prepare youth and teenagers to make their best impression where and when it is necessary; they will also learn how to feel confident and comfortable in daily life situations.

"Manners Matters" teaches your child a few rules in proper behavior to help your children become stars!

Manner Tips:
When you are introducing two people to each other, you should name the person of higher rank or age first. For example: "Grandmother, this is my teacher Mrs. James" or "Mrs. James, this is my friend, Nick". Remember to use title when introducing and adult: Mr., Mrs., Dr., Ms. etc.

When receiving a gift, it's appropriate to write an thank you note. Thank you notes should be short, sweet and personal. It should covers 5 points:

1. Say the person's name in your greetings.
2. Name the actual gift.
3. Say what you would like about it.
4. Thank them for attending your invitation.
5. Use a friendly closing like "Your friend".

Win your very own "Mind Your Manner course". Email us about one good deed that you did this month. Send all entries to Kidzblog@massmediadxb.com by July 30th

Whispering: It is good for your child to whisper if he/ she needs to ask for a tissue during a religious service. It is not good to whisper if she's confiding in the person beside her at the dinner table, this will give the others the impression of hiding something.
